The screenshot shows a web browser window with the URL <https://www.itu.int/net4/wsis/stocktaking/Prizes/2019/MyVotes?ts=RQE091#start>. The page title is "WSIS Prizes 2019". The main content area has a yellow background and is titled "Rules and guidelines for voting phase". It contains a list of seven bullet points detailing the voting process. Below the rules, there is a navigation bar with links for "Voting Form", "Nominated Projects", "My account", and "Log off". A red-bordered box highlights the text "Completed Votes (18 Votes)". Below this, the page shows "Category 1" with the title "Activation of the Information Society" and a brief description of the project.

Rules and guidelines for voting phase

- The first five most voted projects are selected based on the appreciation/voting of projects by WSIS stakeholders representing WSIS online network. The stakeholders are invited to appreciate/vote for projects in all 18 categories.
- Only registered members of the WSIS Stocktaking Platform (STK) with requested complete information may vote for/appreciate a project. The information should contain organization details: name, type, country and user details: username and e-mail.
- Entities are not allowed to vote for/appreciate their own project.
- Votes/appreciations of all STK members are weighted equally.
- Each STK member may only vote for/appreciate one project in each category.
- Stakeholders should complete the voting process by voting in each category (in total 18).
- WSIS Stocktaking reserves the right to use the entity (organization) details submitted by stakeholders.
